## STEP BY STEP INSTRUCTIONS

1. Use the HDMI cable to connect the Force 1 box to your TV. Make sure your TV is on the correct input to view the Force 1 box.
2. Using the power cord, plug in the Force 1 box. Also, install the provided batteries into the remote.
3. Pair the remote to the box. As soon as the box powers up, it will show instructions for pairing the remote. Press and release the TiVo button until the LED flashes. It will begin pairing with the Force 1 box.
4. Connect the box to the Internet using either a hardline ethernet cable or Wi-Fi.
5. Your Force 1 box will download firmware and reboot.
6. Your Force 1 Box has the LHTC Broadband **tv+** application pre-loaded and will not need to access the Google Play Store. However, if you would like to use additional apps other than LHTC Broadband **tv+**, you will need to follow the steps on the screen to sign in to your Google account.
7. Assign the box a name. Usually this is based on its location in the home.
8. Use the LHTC Broadband **tv+** login information you received from LHTC Broadband to access your complete lineup.
9. Start watching and enjoy LHTC Broadband **tv+** !

Once box is powered on, this screen will display.

Pair the remote by pressing the TiVo button.

Select the language and hit the center button.
